Task Vision™ "RELIEF TINT" Computer Clip-On Readers

Can be attached to your prescription glasses. When you work at a computer for any length of time, it's common to experience eye strain, blurred vision known as Computer Vision Syndrome (CVS). This is because the visual demands of computer work are unlike those associated with most other activities.

- UV Protection
- Clip-on / Flip-up onto your prescription eyeglasses
- Aspheric Lens – Distortion Free
- Anti Reflective coating
- Hard coated / Scratch Resistant
- 21 grams – Extremely light and comfortable

Principal benefits of "Relief Tint" Computer Clip-On Reading Glasses:

- Efficient protection for the eye
- Enhanced, true color perception
- Increased contrast and sharper detail
- Reduces eyestrain and relaxes your eyes
